LEGO MINDSTORM ROBOTICS

An exciting introduction to the LEGO Mindstorms Robotics Invention System. Learn mechanical design, construction, programming and teamwork skills. Students build different robots and program them with a laptop computer to move, react & make sounds to solve challenges. This class is a good introduction for kids interested in robotics competitions such as FIRST LEGO League. Participants will not get to take the robot home at the conclusion of class. \$10 material fee to be paid to instructor at first class.
